OUR PHILOSOPHY

All children and young people are entitled to an education that enables them to make progress so that they achieve their best, become confident individuals living fulfilling lives, and make a successful transition into adulthood, whether into employment, further or higher education or training (6.1 final draft CoP)

At Badger Hill Primary School we aim to provide a stimulating and caring environment, respecting and celebrating each other's individuality and contributions. Our approach is to create a happy and welcoming ethos and to make learning purposeful and challenging. We work in partnership with parents/carers, develop links with the community and encourage everyone to achieve their full potential. It is embodied in our school ethos: ***Together we will grow*** and school values; in which all children can: ***Achieve, Believe and Create***. We have high expectations for all our pupils, including those with additional needs, and our role is to support everyone to succeed. Some of our pupils may need a little extra help and this is where our Special Educational Needs and Disability (SEND) policy comes in.

AIMS AND OBJECTIVES

The aims of this policy are:

- To identify a child who has needs as soon as possible.
- To create an environment that meets the special educational needs of each child.
- To ensure that our children have a voice in this process.
- To ensure that parents are able to play their part in supporting their child's education.
- To ensure that the special educational needs of children are identified, assessed and provided for.
- To make clear the expectations of all partners in the process.
- To identify the roles and responsibilities of staff in providing for children's special educational needs.
- To enable all children to have full access to all elements of the school curriculum.
- To have regard to the DfES SEND Code of Practice 2014 (Updated 2015); The Special Educational Needs and Disability Act 2001; Disability Equality Duty (the Duty) 2005.

Class teachers need to be at the heart of the graduated approach, driving the movement around the four stages of action with the support, guidance and leadership of the SENDCO and, where appropriate, other specialist staff.

What is SEND?

A child is defined as having Special Educational Needs (SEND) if they have a learning difficulty which calls for special educational provision to be made or if he or she finds it much harder to learn than children of the same age.

A learning difficulty means that the child either:

a) Has significantly greater difficulty in learning than the majority of children of the same age.

b) Has a disability, which either prevents or hinders the child from making use of the educational facilities which are provided for children of the same age in a mainstream school.

c) Special educational provision means educational provision, which is additional to, or different from, the provision made generally for children of the same age in a mainstream school. (xiii, xiv CoP 2014)

As an inclusive school, we provide support for children whose needs fall into any of the four broad areas of SEND need:

- Communication and interaction: speech, language and communication needs, ASD including Asperger's Syndrome and Autism.
- Cognition and learning: Moderate Learning Difficulties, Severe Learning Difficulties, Profound and Multiple Learning Difficulties, Specific Learning Difficulties including dyslexia, dyscalculia and dyspraxia.
- Social, emotional and mental health difficulties.
- Sensory and/or physical needs: visual impairment, hearing impairment, multi-Sensory impairment, physical disability.

Making decisions

In order to make decisions about a child's level of need, both the SENDCO and class teacher use the York Council Banding Thresholds. These documents describe good practice and entitlement across all areas of need. They aim to ensure clarity, consistency and transparency for schools, parents, practitioners, the Education, Health and Care Plan Panel, and the equitable use of finite resources.

These documents can be accessed online at:

- Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- Once a pupil has been identified as possibly having SEND they will be closely monitored by staff in order to gauge their level of learning and possible difficulties. Their progress will be discussed during pupil progress meetings.
- The child's class teacher will take steps to provide differentiated learning opportunities that will aid the progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
- The SENDCO will be consulted as needed for support and advice and may wish to observe the pupil in class.
- If a pupil has recently been removed from the SEND register they may also fall into this category as continued monitoring will be necessary.
