

# Remote learning Year 4!

Below is a breakdown of how Year 4 will continue to learn remotely via the Google Classroom. Each day, children will have a task to complete for Maths, English, Guided Reading and a non-core subject.

## This is our offer in Year 4

<b>Level 1 - Daily basic skills</b>	<p>Level 1 is where we expect pupils to complete all of their shorter, basic skills tasks. This includes:</p> <ul style="list-style-type: none"> <li>- 10 minutes of TT Rockstar each day (50 mins per week set).</li> <li>- Spelling Shed – Weekly spelling activities and games set – renewed each Friday for the following week.</li> <li>- Reading - Children should read a text from home 5 X per week. This should still be recorded in their diary before being signed by an adult.</li> <li>- Sumdog/Numbots - This is optional - children can practise their arithmetic skills here</li> <li>- Bug Club - this is to supplement reading, but isn't a task in itself. Children have lots of great texts that they can choose from here.</li> </ul>
<b>Morning Task - Maths, English and Guided Reading</b>	<p>Everyday there will be a scheduled Maths, Guided Reading and English activity released in the morning that focuses on Year 4 curriculum objectives. They will each follow on from the lesson from the previous day, just like it would in school so it is vital that the work is completed every day. Some days it will ask the children to complete a worksheet on Google Docs and some days it will ask children to complete work in their CGP books. These lessons will be supported by a video from the class teacher.</p>
<b>Afternoon Task – Non Core Subject</b>	<p>On Monday morning every week, all of the work for non-core subjects will be uploaded to Google Classroom. After completing the morning tasks, the children can then choose which non-core subject task to do in the afternoon. Pupils should complete one of these tasks a day, there will be enough for one a day. These tasks could be Geography, Art, DT, Computing, Music, RE, PSHE or PE and will still link to Year 4 objectives.</p>
<b>Story time</b>	<p>At the end of each day, children will be able to watch a short video where I read a class text and there will also be a well-being message each day.</p>
<b>Google Meet registration</b>	<p>We will meet every day as a check in between 9-10am</p>

<p style="text-align: center;"><b>Catch up calls</b></p>	<p style="text-align: center;"><b>Pupil catch up meetings</b></p>
<p><b>Each week, a member of staff will call to check in with each family – this is a good time to discuss any tricky learning, concerns and successes!</b></p>	<p>Every other week, I will provide a date and time for a Google Meets session. This will provide children with an opportunity to come together as a class and have a catch up, as well as take part in some fun quizzes.</p>
