

# Remote learning Year 6!

Below is a breakdown of how Year 6 will continue to learn remotely via the Google Classroom. Each day, children will have a 3 types of tasks, to complete under Level 1, Level 2 and Level 3.

## This is our offer in KS2

<b>Level 1 - Daily basic skills</b>	<p>Level 1 is where we expect pupils to complete all of their shorter, basic skills tasks. This includes: - 10 minutes of TT Rockstar each day (50 mins per week set).</p> <ul style="list-style-type: none"> <li>- Spelling Shed – Weekly spelling activities and games set – renewed each Friday for the following week.</li> <li>- Reading - Children should read a text from home 5 X per week. This should still be recorded in their diary before being signed by an adult.</li> <li>- Sumdog/Numbots - This is optional - children can practise their arithmetic skills here</li> <li>- Bug Club - this is to supplement reading, but isn't a task in itself. Children have lots of great texts that they can choose from here.</li> </ul>
<b>Level 2 - CGP key skills practise</b>	<p>Here, I will post details about which pages need to be complete in your CGP books each week. Simply click on the book type and there will be an outline of the pages to complete. Pages will be set every Monday and pupils.</p>
<b>Level 3 - Mastering key skills</b>	<p>At Level 3, we complete tasks that will focus Year 6 curriculum objectives. These tasks might be SPaG, writing, maths or reading based. These activities will usually be set each day and will often be supported by a video with modelling from the class teacher.</p>
<b>Story time</b>	<p>At the end of each day, other than Friday, children will be able to watch a short Video where I read a class text</p>
<b>Google Meet Registration</b>	<p>Daily Google Meets to check in</p>

Catch up calls	Pupil catch up meetings
<p>Each week, a member of staff will call to check in with each family – this is a good time to discuss any tricky learning, concerns and successes!</p>	<p>Every other week, I will provide a date and time for a Google Meets session. This will provide children with an opportunity to come together as a class and have a catch up, as well as take part in some fun quizzes.</p>
